Honored gentelmen,  
 Following you will find our needs for donation in Kosovo:

The missing necessary medical devices are:

1. Plasmafere apparatus with consumable material.
2. pH meter with consumable material.
3. Sophisticated Ultrasound for children with cardiologic problems.
4. Asthma Aparatus for children, for FeNO test( exlaled nitric oxide test)
5. Spirometer apparatus.
6. Laryngoskop for small children (3 pieces)
7. Ensure replacement of filters for the cytostatic preparation chamber (for hemato-oncology)
8. Essential miniKitchen equipment for mothers and children in the respective wards.

(Such as, Wall-hung TV, table with 8 chairs, fridge, kitchen countertops and microwaves)

Bests,  
 Dr. Drita Telaku Qosja  
 Pediatric Clinic (UCCK)
